

# Our vision, mission and values

## Our story

CS Recycling has been a recycling management firm since 1937. We have seen the industry grow, and with it, consumer responsibility.

## Our vision

A sustainable environment for current and future generations through supplying the circular economy with quality materials.

-

## Our mission

Sourcing quality materials from commercial businesses within South East England, working on achieving recycling targets.

-

## Our values

Adding **quality** to every part of work that we do

**Conscientiously** looking after our customers

Trust in our **customer driven team**

Making every customer's experience **bespoke**, using our industry knowledge

Dedicated to providing **transparent pricing** and never hiding charges
